**Disclaimer :**

Natural Variation in colour and structure of raw material for fabrics / paints / laminates, makes it impossible to guarantee that the final shades will match perfectly in every case. Minor discrepancies in the colour of the goods supplied, subsequent or supplementary items cannot therefore be recorded as justification for any claim to replacement. Batch to batch variations in shade / colour matching may occur within commercial tolerances. Since different classes of paints are required for MDF and metal items, perfect shade matching cannot be guaranteed. We would however endeavour to attain as close a match as possible.
